<b>Abstract:</b>	<p>Founded c.1895 on the collections of Sir Henry Wellcome (1853-1936) and formally opened to the public in 1949, the Library exists to support researchers with an interest in the history of medicine and science and allied subjects. Internationally, the Library is one of the leading resources in its field. Collecting policy is broadly interpreted, and the Library includes material of value as much to social and cultural historians as to those with a purely medical interest. The Library's main strengths are in the history of medicine, aspects of contemporary biomedical science, including genetics and the human genome, public understanding of science, science policy, and biomedical ethics. SERVICES: Photocopying; photography; interlibrary loan; written, e-mail, phone and fax inquiries. Hours: 10:00 a.m. - 6:00 p.m. Monday, Wednesday and Friday; 10:00 a.m. - 8:00 p.m. Tuesday and Thursday; 10:00 a.m. - 4:00 p.m. Saturday. Closed Sundays and bank holiday weekends.
